County Executive Announces Public Meeting to Provide Next Generation Public Safety Radio System Update

Erie County Executive Kathy Dahlkemper, along with Public Safety Director John Grappy, is pleased to announce that the Erie County Department of Public Safety will host a Public Meeting at the Perry Hi-Way Hose Company, 8281 Oliver Road, Summit Township on **Tuesday, May 26, 2015** from 6:00 PM – 8:00 PM to discuss the County's radio project.

In conjunction with the Erie County Department of Public Safety, the Next Generation Radio System Project Update will be presented by Mike McGrady, President of MCM Consulting Group. Erie County Executive Kathy Dahlkemper and Members of Erie County Council are expected to attend.

Emergency service providers will have an opportunity to discuss the next course of action based on the final report and recommendations, and provide insight on the system(s) they currently utilize. Erie County Executive Kathy Dahlkemper encourages public participation and input.

The goal of this project is to migrate the existing County radio system(s) and users to a common platform to provide the most technologically advanced communications system that meets the needs of Erie County in the most cost efficient way and provides for interoperability among all users of the system.

The general public is invited and encouraged to attend this meeting.
