	Number:	001
	Subject:	Organized Camp and Campground Maps
	Original Effective Date:	April 26, 2010
	Revised Date:	September 13, 2013

**SUBJECT:** Organized Camp and Campground Maps

**PURPOSE:** To provide guidance on the items required to be identified on maps of organized camps and campgrounds submitted to the Department

**REFERENCES:** Erie County Department of Health Organized Camps and Campgrounds Ordinance 8, 2012 adopted January 25, 2012

**POLICY:**

Current organized camp and campground property maps must be provided to the Department. As a minimum, the map must include the location of the following, if applicable:

- Water supply source
- Water treatment and storage facilities
- Water supply lines
- Sanitary dump stations
- Restrooms (number of toilets, urinals, sinks and showers)
- Septic retaining tanks with capacity
- Sewage treatment plant
- Lift/pump stations
- Sewage conveyance lines and location of on-lot leach fields
- Port-a-johns
- Laundry facilities
- Garbage dumpsters
- Public swimming pools
- Retail food facilities
- Identify all buildings/structures

All spaces must be numbered, identifying which spaces are provided with water-only connections, sewage-only connections, water and sewage connections, and primitive sites.

Section 4.1 of the Organized Camps and Campgrounds Ordinance requires that whenever an organized camp or campground is to be constructed, expanded or remodeled, properly prepared plans and specifications shall be submitted to the Department for review and approval before any work is begun.

This Policy, its additions, and/or revisions are approved as written:
