Department of Planning to Hold Open House New Location and Collaboration to be Celebrated

Erie, PA – Erie County Executive Kathy Dahlkemper invites the media to attend a conference and open house at the new location of the Erie County Department of Planning on Thursday, February 11 at 3 p.m. at 150 East Front Street, Suite 300.

The Erie County Department of Planning has been busy relocating to a new office space in the Blasco Library Complex, shared with regional committees and organizations. As part of the relocation, the department welcomed the Erie Area Council of Governments and Emerge 2040 into to the space to increase regional collaboration.

“This move is another step toward our goal of becoming a model county. We are implementing plans and taking strategic action to advance the economic and community development of our region. We look forward to the transformative outcomes of this venture,” said County Executive Dahlkemper.

The collaborative layout of the office will benefit the many committees and community colleagues that work with county program administrators, while increasing coordination among the agencies that are co-located in the space.

“Bringing economic, regional, and municipal service agencies into one location will create a dynamic support system that will benefit all of Erie County,” said Kathy Wyrosdick, Director of the Erie County Department of Planning.

The public is invited to attend the open house from 3 p.m. until 5:30 p.m.
