\*\* Can transfer to any building in the “network” (see inside front cover) through the Court House Auto Attendant

**DIAL-UP INTERNET CONNECTIONS must be disconnected immediately after use.** Continuous connection ties up the PBX so other employees cannot obtain an outside line. It slows down the entire phone system.

**PLEASE do not put phones on HOLD when leaving your desk.** Forward your calls to your destination or to another employee until you return if you do not have voicemail. Putting a phone on HOLD ties up the PBX so other employees cannot obtain an outside line.

**Attention:** County employees on the County's Telecom Network and Off-Premise Extensions: when moving from one desk/office to another, your phone and extension number move with you, generally. It is a very simple procedure and taking your programmed phone and extension with you **BENEFITS YOU** and keeps the Directory up-to-date.
