FY 1999 COMMUNITY DEVELOPMENT BLOCK GRANT PROGRAM

Activity	Project Name	Description	Beneficiaries	CDBG Funds
Water System	Elk Creek Township Grandview Avenue Water Line Replacement Project	Replacement of 1,580 feet of 2-inch diameter water line with 8-inch PVC pipe and installation of 3 hydrants along Grandview Ave., north of Route 6N, and on Rt. 6N in the vicinity of the Grandview Ave. intersection in Elk Creek Township.	30 families 78 persons 53% LMI	\$92,490.00
Water System	Union City Municipal Authority Water Reservoir Improvement Project	Installation of low flow totalizer and draw down piping and valves at the Union City Reservoir.	3,537 persons 53% LMI (Community-wide)	\$118,149.00
Sanitary Sewer System	Lawrence Park Township Bell Street Sanitary Sewer Line Replacement Project	Replacement of 315 feet of 8-inch diameter VCP sanitary sewer pipe with 8-inch PVC pipe and 100 feet of 15-inch diameter storm sewer pipe with 15-inch reinforced concrete storm sewer pipe along Bell Street, from Silliman Avenue to Smithson Avenue in Lawrence Park Township. Also, replacement of 2 sanitary sewer manholes and 60 feet of laterals as well as 2 catch basins and 2 storm water manholes. (Multi-year funding: \$44,198.60 ['08] + \$17,133.19 ['09] + \$7,690.73 [Program Income] = \$69,022.52)	22 families 59 persons 55% LMI	\$17,133.19
Sanitary Sewer System	Wesleyville Borough Pearl Avenue Sanitary Sewer/Storm Sewer Replacement Project	Sanitary sewer/storm sewer line replacement along Pearl Avenue, from Bird Drive to Union Avenue, in Wesleyville Borough. Project work activities to consist of the replacement of approximately 305 feet of 10-inch diameter VCP sanitary sewer with 10-inch PVC sanitary sewer pipe and one (1) sanitary manhole. Also to be replaced is approximately 370 feet of existing 12", 15", and 18-inch diameter storm sewer pipe with new concrete pipe of the same size, along with one (1) storm manhole and three (3) catch basins. (Multi-year funding: \$45,946.11 ['09] + \$31,798.49 ['00] = \$77,744.60).	17 families 37 persons 55.3% LMI	\$45,946.11
Storm Sewer System	Union City Borough Grant Street Storm Sewer Construction Project	Installation of 408 feet of 12 and 15-inch diameter HDPE storm sewer pipe, 7precast concrete inlets with grates along Grant Street, between South Main Street and Miles Street, in Union City Borough.	14 families 47 persons 82% LMI	\$28,997.00
Handicapped Accessibility	Waterford Township Municipal Bldg. ADA Improvement Project	Accessibility upgrades to the main entrance and restrooms at the Waterford Township Municipal Building.	Limited Clientele Presumed Benefit 100% LMI	\$17,750.00
Handicapped Accessibility	Greene Township Municipal Bldg. ADA Improvement Project	Accessibility upgrades to the main entrance, restrooms, meeting room, and interior offices at the Greene Township Municipal Building. (Note: \$36,770.70 ['99] + \$360 [Program Income] = \$37,130.70)	Limited Clientele Presumed Benefit 100% LMI	\$36,770.70
Housing Rehab.	Single Family Housing Rehabilitation Project	Rehabilitation of one (1) single family housing unit in Union City Borough for compliance with HUD Section 8 Housing Quality Standards.	1 family 4 persons 100% LMI	\$4,610.00
Administration	CDBG Program Administration	General management, oversight, and coordination of the CDBG Program [\$64,255] Planning: Fair Housing Activities [\$2,500] Planning: County Comprehensive Plan (Land Use and Housing) [\$10,000]	-	\$76,755.00
TOTAL				\$438,601.00

**ERIE COUNTY
FY 2000 COMMUNITY DEVELOPMENT BLOCK GRANT PROGRAM**

Activity	Project Name	Description	Beneficiaries	CDBG Funds
Water System	Union City Municipal Authority Water Reservoir Aeration Project	Installation of two (2) rotary vane continuous duty compressors with filters at the Union City reservoir to reduce the levels of the carcinogen-THM.	926 families 3,463 persons 57% LMI (Community-Wide)	\$42,575.00
Sanitary Sewer System	Lawrence Park Township Priestly Avenue Sanitary Sewer Line Replacement Project	Sanitary sewer/storm sewer replacement along Priestly Avenue, from Main Street to manhole L104, in Lawrence Park Township. Project work activities will include replacement of 290 feet of 8-inch diameter VCP sanitary sewer with 8-inch PVC sanitary sewer pipe, and 40 feet of 15-inch diameter storm sewer pipe with 15-inch reinforced concrete storm sewer pipe. Also to be replaced are 2 sanitary sewer manholes and 56 feet of laterals and 2 catch basins.	16 families 56 persons 62.5% LMI	\$63,311.50
Sanitary Sewer System	Wesleyville Borough Pearl Avenue Sanitary/Storm Sewer Replacement Project (Phase I)	Sanitary sewer/storm sewer replacement along Pearl Avenue, from Union Avenue to Eastern Avenue, in Wesleyville Borough. Project work activities will include replacement of 285 feet of 12-inch diameter VCP sanitary sewer with 12-inch PVC sanitary sewer pipe, including 2 manholes; and the replacement of 415 feet of existing 12-inch and 15-inch diameter storm sewer pipe with new concrete pipe of the same size, including 2 manholes and 2 catch basins.	30 families 47 persons 72 % LMI	\$96,059.00
Sanitary Sewer System	Wesleyville Borough Pearl Avenue Sanitary/Storm Sewer Replacement Project (Phase II)	Sanitary sewer/storm sewer line replacement along Pearl Avenue, from Bird Drive to Union Avenue, in Wesleyville Borough. Project work activities to consist of the replacement of approximately 305 feet of 10-inch diameter VCP sanitary sewer with 10-inch PVC sanitary sewer pipe and one (1) sanitary manhole. Also to be replaced is approximately 370 feet of existing 12, 15, and 18-inch diameter storm sewer pipe with new concrete pipe of the same size, along with one (1) storm manhole and three (3) catch basins. (Multi-year funding: \$45,946.11 ['09] + \$31,798.49 ['00] = \$77,744.60).	17 families 37 persons 55.3% LMI	\$31,798.49
Storm Sewer System	Union City Borough Grant Street Storm Sewer Construction Project	Installation of storm sewers along Grant Street, from Miles Street to Union Street, in Union City Borough. Project work activities will include installation of 1,500 feet of 15", 18", and 24-inch HDPE pipe, and 16 inlets with bicycle safe grates.	19 families 48 persons 62.5% LMI	\$91,065.00
Public/Community Facilities	Union City Borough Atlantic Sidewalk Construction Project	Construction of sidewalks along both sides of Atlantic Street, from South Main Street (PA Route 8) to Washington Street, in Union City Borough. Project work activities will consist of the installation of approximately 1,750 lineal feet of 4-inch thick concrete sidewalk; driveway adjustments; curb-cut ramp installation at intersections; and site restoration.	27 families 89 persons 64% LMI	\$27,517.51
Housing Rehab.	Single Family Housing Rehabilitation Project	Rehabilitation of one (1) single-family, LMI owner-occupied housing unit in Cranesville Borough for compliance with HUD Section 8 Housing Quality Standards.	1 family 4 persons 100% LMI	\$10,888.50
Administration	CDBG Program Administration	General management, oversight, and coordination of the CDBG Program.	-	\$77,045.00
TOTAL				\$440,260.00

**ERIE COUNTY
FY 2001 COMMUNITY DEVELOPMENT BLOCK GRANT PROGRAM**

Activity	Project Name	Description	Beneficiaries	CDBG Funds
Water System	Union City Municipal Authority Water Filtration Plant Improvement Project	Installation of baffles in settling tanks at the water filtration plant to enhance the quality of water treatment.	926 families 3,463 persons 57% LMI (Community-Wide)	\$24,150.00
Sanitary Sewer System	Union City Municipal Authority Pump Station Improvement Project	Upgrade the sewage pump station to include the installation of three (3) new, larger capacity pumps with automated controls to reduce the number of excess sewage flows into French Creek.	926 families 3,463 persons 57% LMI (Community-Wide)	\$56,663.32
Sanitary Sewer System	Wesleyville Borough East 29 th Street Sanitary Sewer Replacement Project	Replacement of 250 feet of 8-inch diameter PVC pipe and the installation of 2 manholes along East 29 th Street, between Groveland Avenue and Highland Avenue, in Wesleyville Borough.	5 families 13 persons 53.8 % LMI	\$26,760.35
Sanitary Sewer System	Waterford Township Rt. 19 Sanitary Sewer Line Installation Project	Installation of 1,310 feet of 2-inch diameter pressure sanitary sewer and 334 feet of 8-inch diameter PVC gravity sewer pipe on U. S. Rt. 19 from State Rt. 97 south to the Lake LeBoeuf outlet in Waterford Township.	21 families 28 persons 81% LMI	\$49,649.00
Storm Sewer System	Union City Borough Johnson Street Storm Sewer Construction Project	Installation of 1,142 feet of 15-inch and 18-inch HDPE storm sewer pipe and 9 inlets along Johnson Street, from Miles Street to Union Street, in Union City Borough. Project to benefit Senior Center and 4 families.	Presumed Benefit 100% LMI	\$46,130.00
Customer Facilities Work	Wattsburg Borough Customer Facilities Work Project	Payment of 24 LMI household service laterals associated with a community-wide water system improvement project.	24 families 68 persons 100% LMI	\$20,758.20
Handicapped Accessibility	Lake City Borough Handicapped Accessible Curb- Cut Ramps Project	Construction of handicapped accessible curb-cut ramps at 53 street corners in Lake City Borough.	Disabled persons Presumed Benefit 100% LMI	\$47,919.00
Public/Community Facilities	Cranesville Borough West Crane Street Neighborhood Improvement Project	Replacement of 1,446 feet of 8-inch diameter asbestos cement water line with 8-inch PVC pipe; replacement of 1,360 feet of sidewalk and the removal/replacement of 14 trees along West Crane Street, from John Williams Avenue to Route 18, in Cranesville Borough. (Multi-year funding: \$109,806.13 ['01] + \$22,268.96 ['02] = \$132,075.09)	30 families 77 persons 53% LMI	\$109,806.13
Administration	CDBG Program Administration	General management, oversight, and coordination of the CDBG Program	-	\$83,817.00
TOTAL				\$465,653.00

**ERIE COUNTY
FY 2002 COMMUNITY DEVELOPMENT BLOCK GRANT PROGRAM**

Activity	Project Name	Description	Beneficiaries	CDBG Funds
Water System	Union City Municipal Authority Water Well Project	Locate and develop a ground water supply (well) to supplement Union City Borough's surface water reservoir. CDBG funds will pay for the hiring of a geological firm to perform exploratory test borings; construction of the production well; and connection of the well to the existing distribution system. (ECDP NOTE: After nearly two (2) years of testing, a suitable well site was not found and as such the project was terminated in June 2005. Of the \$115,500 set aside for the project, a total of \$54,973.55 was expended leaving a balance of \$60,526.45. The residual monies were reallocated for housing rehabilitation in Lawrence Park Township [see below]).	926 families 3,463 persons 57% LMI (Community- wide)	\$54,973.55
Housing Rehab.	Lawrence Park Township Housing Rehabilitation Project	Rehabilitation of substandard, single-family, LMI owner-occupied housing units in Lawrence Park Township for compliance with HUD Section 8 Housing Quality Standards.	3 families 8 persons 100% LMI	\$60,526.45
Water System	Waterford Township Rt. 19 Water Extension Project	Installation of 1,500 feet of water line from the intersection of Routes 19 and 97, south on US Route 19 to the Lake LeBoeuf outlet in Waterford Township. Work activities will include the installation of an 8-inch diameter PVC water line, hydrants, valves, and service connections.	21 families 32 persons 81% LMI	\$89,000.00
Sanitary Sewer/ Storm Sewer	Wesleyville Borough Union Avenue Sanitary Sewer/Storm Sewer Replacement Project	Replacement of deteriorated sanitary sewer/storm sewer lines along Union Avenue, from Pearl Avenue, south, a half-block toward North Street, in Wesleyville Borough. Project work activities will consist of the replacement of 305 feet of 8-inch diameter VCP sanitary sewer with 12-inch PVC sanitary sewer pipe, and one (1) sanitary manhole. Also to be replaced is 370 feet of existing 12-inch and 15-inch diameter storm sewers with new concrete pipe of the same size, as well as one (1) storm manhole and three (3) catch basins.	17 families 42 persons 57% LMI	\$78,811.76
Housing Rehab.	Single Family Housing Rehabilitation Project	Rehabilitation of substandard, single-family, LMI owner-occupied housing units in Cranesville Borough for compliance with HUD Section 8 Housing Quality Standards.	3 families 13 persons 100% LMI	\$55,448.17
Public/Community Facilities	Cranesville Borough West Crane Street Neighborhood Improvement Project	Replacement of 1,446 feet of 8-inch diameter asbestos cement water line with 8-inch PVC pipe; replacement of 1,360 feet of sidewalk and the removal/replacement of 14 trees along West Crane Street, from John Williams Avenue to Route 18, in Cranesville Borough. (Multi-year funding: \$109,806.13 ['01] + \$22,268.96 ['02] = \$132,075.09)	30 families 77 persons 53% LMI	\$22,268.96
Water System	-	NOTE: Residual '02 CDBG monies were provided to the '04 CDBG "Competitive" funded Union City Municipal Authority Fire Hydrants Replacement Project	-	\$14,502.11
Administration	CDBG Program Administration	General management, oversight, and coordination of the CDBG Program.	-	\$82,430.00
TOTAL				\$457,961.00

ERIE COUNTY
FY 2003 COMMUNITY DEVELOPMENT BLOCK GRANT PROGRAM

Activity	Project Name	Description	Beneficiaries	CDBG Funds
Sanitary Sewer System	Lawrence Park Township Gindy's Mobile Home Park Sanitary Sewer Improvement Project	Upgrade the main sanitary sewer line that serves Gindy's Mobile Home Park in Lawrence Park Township. Project work activities will consist of lining 2,070 ft. of 8-inch diameter sewer line with a cured-in-place liner.	93 families 158 persons 56% LMI	\$87,250.00
Sanitary Sewer System	Lake City Borough Cherry Street Lift Station Improvement Project	Replace the existing surface mounted suction lift pump with duplex submersible wastewater pumps at the Cherry Street Lift Station in Lake City Borough.	49 families 124 persons 85% LMI	\$44,542.91
Sanitary Sewer System	Lake City Borough Maple Avenue Lift Station Improvement Project	Replace the existing surface-mounted suction lift pump with duplex submersible wastewater pumps at the Maple Avenue Lift Station in Lake City Borough	85 families 219 persons 68% LMI	\$45,582.90
Sanitary Sewer System	Lake City Borough Edge Park Drive Lift Station Improvement Project	Replace the existing submersible pumps with new pumps as well as replace check valves, electrical controls and alarm system at the Edge Park Drive Lift Station in Lake City Borough.	150 families 442 persons 52% LMI	\$24,550.00
Storm Sewer System	Union City Borough Lincoln Street Storm Sewer Construction Project	Install 1,050 feet of 12, 15, and 18-inch diameter HDPE storm sewer pipe and 12 inlets along Lincoln Street, from Brown Street to Concord Street, in Union City Borough.	8 families 18 persons 61% LMI	\$58,227.75
Public/ Community Facilities	Mill Village Borough East Center Street Sidewalk Replacement Project	Replace sidewalks along the north side of East Center St., from North Main St. to Depot St. in Mill Village Borough.	7 families 24 persons 58% LMI	\$20,412.70
Public/ Community Facilities	Mill Village Borough South Main Street Sidewalk Replacement Project	Replace sidewalks along the east side of South Main St. from East Center St. to Depot St. in Mill Village Borough. .	8 families 23 persons 74% LMI	\$27,238.20
Public/ Community Facilities	Cranesville Borough Reed Street Neighborhood Improvement Project	Undertake improvements along Reed Street in Cranesville Borough consisting of the following activities: 1) Replace 570 feet of 6-inch diameter asbestos cement water line with 6-inch diameter PVC pipe and install one (1) fire hydrant; 2) Install 480 feet of 15-inch diameter HDPE storm sewer pipe and four (4) catch basins; 3) Replace 870 feet of sidewalk and remove/replace two (2) trees	11 families 28 persons 64% LMI	\$65,323.50
Sanitary Sewer System	Lake City Borough Cherry Street Sanitary Sewer Replacement Project	Replace the sanitary sewer line along Cherry Street, from Hall Avenue to Billings Drive, in Lake City Borough. Project work activities will consist of the following: 1) Remove and replace 1,331 feet of 10-inch diameter VCP sanitary sewer line with 10-inch diameter PVC sanitary sewer main; 2) Reconnect 22 service laterals; 3) Remove and replace three (3) sanitary sewer manholes; and 4) Pavement restoration. (Multi-year CDBG: \$7,466.04 [FY 200] + \$130,000.00 [FY 2005] = \$137,466.04)	189 families 394 persons 53% LMI	\$7,466.04
Administration	CDBG Program Administration	General management, oversight, and coordination of the CDBG Program.	-	\$83,545.00
TOTAL				\$464,139.00

ERIE COUNTY
FY 2004 COMMUNITY DEVELOPMENT BLOCK GRANT PROGRAM

Activity	Project Name	Description	Beneficiaries	CDBG Funds
Sanitary Sewer System	Union City Municipal Authority North Side Lift Station Force Main Replacement Project	Replace 940 feet of 8-inch diameter sanitary sewer force main with 10-inch diameter PVC pipe and appurtenances from the North Side Lift Station on Rt. 97 across the south branch of French Creek to the gravity sewer leading to the sewage treatment plant on Still Road in Union City Borough. This project, coupled with other recent improvements to the lift station, will help eliminate sewage overflows into French Creek.	926 families 3,463 persons 57% LMI (Community wide)	\$78,650.00
Sanitary Sewer System	Wesleyville Borough Jackson Place Sanitary Sewer Replacement Project	Replace the sanitary sewer line and appurtenances along Jackson Place, from Freemont Avenue to Skellie Avenue, in Wesleyville Borough. Project work activities will consist of the following: 1) Remove and replace 565 feet of 6-inch diameter VCP sanitary sewer with 8-inch diameter PVC sanitary sewer pipe; 2) Remove and replace three (3) sanitary sewer manholes; 3) Construct one (1) new sanitary sewer manhole; 4) Replace 460 feet of sewer laterals; 5) Remove and replace 25 feet of 12-inch diameter storm sewer pipe with new concrete pipe of the same size; and 6) Remove and replace one (1) storm sewer manhole and three (3) storm sewer inlets. In addition, the project will provide for site restoration including full street resurfacing and curb/sidewalk repairs.	21 families 60 persons 54% LMI	\$136,118.44
Sanitary Sewer System	Union City Municipal Authority Wet Well Improvements Project	Install variable speed drive controls for triple submersible wastewater pumps at the Union City North Side Lift Station. The project is the third phase of the three-phase project to make improvements to the lift station in order to eliminate sewage overflows into French Creek.	926 families 3,463 persons 57% LMI (Community-wide)	\$19,925.00
Storm Sewer System	Union City Borough North Street Storm Sewer Construction Project	Install 700 feet of 12-inch, 15-inch, and 18-inch diameter HDPE storm sewer pipe and 10 inlets along North Street, from Prospect Street to Wattsburg Street in Union City Borough.	7 families 18 persons 83% LMI	\$31,925.60
Housing Rehabilitation	Lawrence Park Township Housing Rehabilitation Project	Rehabilitation of seven (7) substandard, single-family, LMI owner-occupied housing units in Lawrence Park Township for compliance with HUD Section 8 Housing Quality Standards. [3810 Morse St.; 4149 Bell St.; 3931 Bell St.; 641 Crotty Dr.; 1038 Newton Ave.; 1057 Silliman; 4022 Morse St.].	7 Families 10 Persons 100% LMI	\$115,457.24
<i>OTHER</i>	-	- SEE NOTE -	-	\$7,923.72
Administration	CDBG Program Administration	General management, oversight, and coordination of the CDBG Program.	-	85,602.00
TOTAL				\$475,602.00

Note: \$380.96 was provided to the FY 2005 funded Lake City Borough Cherry Street Sanitary Sewer Line Replacement Project
\$3,563.04 was provided to the FY 2005 funded Wattsburg Borough North Street Drainage Improvement Project
\$1,229.72 was provided to the FY 2006 Lake City Borough Railroad Street Water Line Replacement Project
\$1,750 was provided to the FY 2006 Union City Municipal Authority Wastewater Treatment Plant Headworks Screen Procurement Project
\$1,000 was provided to the Wesleyville Borough Pearl Avenue Sanitary Sewer Line Replacement Project

**ERIE COUNTY
FY 2005 COMMUNITY DEVELOPMENT BLOCK GRANT PROGRAM**

Activity	Project Name	Description	Beneficiaries	CDBG Funds
Sanitary Sewer System	Lake City Borough Cherry Street Sanitary Sewer Replacement Project	Replace the sanitary sewer line along Cherry Street, from Hall Avenue to Billings Drive, in Lake City Borough. Project work activities will consist of the following: 1) Remove and replace 1,331 feet of 10-inch diameter VCP sanitary sewer line with 10-inch diameter PVC sanitary sewer main; 2) Reconnect 22 service laterals; 3) Remove and replace three (3) sanitary sewer manholes; and 4) Pavement restoration.	189 families 394 persons 53% LMI	\$130,000.00
Public/Community Facilities	Wattsburg Borough North Street Neighborhood Improvement Project	Undertake improvements along North Street, from Main Street to Lowville Street, in Wattsburg Borough consisting of the following: 1) Install 367 lineal feet of storm sewer pipe; 2) Install 4 catch basins and adjust 2 existing catch basins; 3) Replace / construct sidewalks; and 4) Street resurfacing.	16 families 53 persons 60% LMI	\$117,816.64
Public/Community Facilities	Mill Village Borough Depot Street Culvert Replacement Project	Replace an existing culvert structure under a section of Depot Street, located between South Main Street and East Center Street in Mill Village Borough. The culvert site has been severely damaged by flooding resulting in the closing of a section of Depot Street. Total replacement of the culvert structure is necessary to withstand future floods and reopen Depot Street to pedestrian and vehicular traffic. (Multi-year funding: \$125,681.52 ['05] + \$34,312.90 ['07] + \$10,803.68 ['08] = \$170,798.10)	120 families 421 persons 52% LMI (Community- wide benefit)	\$125,681.52
